A JAPANESE-RUSSIAN FIGHT

Brave Stand Made By Russian Ships That Went Down

THEY GALLANTLY WENT TO DEATH

With Bands Playing and Fleets Cheering the Russians Faced the Enemy in Prospect of Certain Death.

Nagasaki, Ky. Cable.—The vessels comprising the Japanese fleet which attacked and destroyed the Russian cruiser Varig and Korietz at Chemulpo on the 8th inst. were the cruisers Naniwa, Akachi, Atsugi, Suma, and the Asama. Japan did not lose a man. The survivors from the Varig and the Korietz, the Russian cruisers that were sunk by the Japanese fleet at Chemulpo last Tuesday, still remain on board the British cruiser Talbot, the Italian cruiser Elba and the French cruiser Pascal.

The situation is becoming acute as the Japanese have twice made demands on the commanders of the three foreign vessels that the Russians be surrendered as prisoners of war. The captain of the Talbot, being the senior naval officer, each time replied that he was awaiting instructions from his government. None of the Russians is on board the American gun-boat Vicksburg whose commander considers that

Tokio Celebrates Victory

Tokio, Ky. Cable.—The night celebration far exceeded that of the day in noisy enthusiasm. Many impromptu processions of thousands of men were formed and paraded through the principal streets, and surged about the public buildings and the palace, carrying banners and cheering wildly. The Russian legation was dark and silent. No unfriendly demonstration was made there by the immense crowd constantly passing it, but Baron De Rosen's associates plainly heard the din and noise of the triumphant people. Bands, drums and horns added volume to the cheers of the noisy populace. Every reveler carried a lantern, flag or transparency. The people have been restrained and calm for so many months that they are pouring out their long pent-up feelings into a wildly enthusiastic celebration of victory. It was Manila, Ladysmith and Santiago nights duplicated, with an Oriental setting.

Hurry Orders at Colon

Colon, Ky. Cable.—Hurry orders were received yesterday to embark a battalion of marines on the Pacific. A special train left Colon this morning and returned at noon with the 450 marines who were enamped at Bas Obispo station on the Panama railroad. The Pacific's boats were kept busy all day embarking the camp fittings, baggage, stores, etc., and this task is not yet finished. Major Lucas will command the battalion and the Pacific will sail under sealed orders. It has been ordered here that the marines are destined for Santo Domingo. Only about 100 marines now remain at Bas Obispo.

MAP OF THE SCENE OF HOSTILITIES BETWEEN JAPAN AND RUSSIA.

The Japanese are right in their demand, as the Russians took advantage of the clemency of the Japanese in returning to the harbor, then taking refuge on the foreign vessels and refusing to surrender, whereas the Japanese fleet refrained from sinking them in the open sea as they could have done.

A magnificent episode in the battle was the second episode of the two Russian cruisers. With bands playing the national anthem, the international fleet loudly cheering the bravery and gallantry of the Russians, the Varig and Korietz faced the Japanese fleet in what was certain death. The positions of the wreck appear to be such that it will be easy to recover the guns. The Russian losses were one officer and 40 men killed and 464 wounded.

Two Killed; Seventy-five Injured.

Cumberland, Md., Special.—Two persons were killed and about 75 injured, 25 of whom were seriously hurt, in a trolley car accident in Frontsburg Sunday. The car ran away on a steep grade and crashed into a telephone pole. The dead are: John Gough, of Midland; J. J. Ross, of Laconing.

Gorman's Challenge.

Washington, Special.—In the report on the naval appropriation bill made to the House by Chairman Foss, of the naval affairs committee, the gauntlet thrown down by Senator Gorman in his announced policy of internal improvements in place of naval construction, is taken up with vigor. The report says: "If we judge public sentiment right it is in favor of the continuance of the policy of building up the navy. If we stopped now we would be left and behind the leading countries of the world."

1,800 Reported Killed.

Nagasaki, Ky. Cable.—Six Norwegian steamers chartered by a Russian naval contractor have been captured. The vessels are the Lena, Actis, Sentis, Seistradt, Argo and Hermis. They carried coal cargoes. The Hermis arrived here Sunday and under convoy of a cruiser. It is rumored that 1,800 Japanese soldiers have been killed, presumably by the sinking of a transport. Disturbances are reported in Seoul.

New Steamship Service.

Boston, Special.—Announcement was made that a new steamship service had been inaugurated between the Mediterranean ports and this city. The steamers of the new line are all under Italian registry. On their outward trips they will not load here, but will proceed to New Orleans and Galveston, where they will load cotton, provisions and general merchandise for Mediterranean ports.

Judge Brewster Dead.

Danbury, Conn., Special.—Judge Lyman Denison Brewster, a jurist of national reputation, is dead at his home in this city Sunday. He was a charter member of the American Bar Association. From 1890 until the beginning of the present year he was chairman of the committee on uniform State laws. The uniform divorce law, which is expected to be adopted by nearly every State in the Union, was drafted by Judge Brewster. He was associated with Joseph H. Choate, now United States ambassador to England, in breaking the will of the late Samuel J. Tilden.

Turks Attacked.

Berlin, Ky. Cable.—The Frankfurter Zeitung Salonica correspondent telegraphs that a Bulgarian band, numbering 100, has been attacked at Dohubala by Turkish frontier guards, who were reinforced by two companies of infantry. The battle, the correspondent adds, lasted a long time and the Bulgarians fled at last, leaving twelve dead on the field. The Turkish loss was one man killed and two wounded.

CONGRESSIONAL PROCEEDINGS

What the Nation's Lawmakers Are Doing Day By Day.

Speaker Takes the Bit

Speaker Cannon Friday took the bit in his teeth and ran completely away with sanctified legislative precedent in the House. Incidentally he broke all previous records in the dispatch of private pension bills. Under his guidance 320 of these measures of relief received the favorable consideration of the committee of the whole and passage by the House in the short space of 155 minutes. Nearly the whole of this time, however, was consumed in committee of the whole. The House passed the bills "en bloc" under unanimous consent, which the Speaker himself asked for. About half of the bills were disposed of under this request—those without amendment. When objection was temporarily made the Speaker plainly showed his displeasure by dragging the proceedings.

The objection was withdrawn when the remaining bills were declared passed without even the formality of having the clerk read their numbers. Mr. Finley, of South Carolina, was the objector. He made the statement that he did not consider this mode of procedure proper for a legislative body.

"The objection is perfectly proper," replied Speaker Cannon. "This method of procedure could only be done by unanimous consent, and the chair has been very careful, and it is quite within the power of any member to object."

Then, with a note of disappointment in his voice, he concluded: "Objection is made. The clerk will report the first bill."

The first bill contained an amendment, and when the clerk announced that fact, the Speaker inquired facetiously: "Does the gentleman from Carolina desire to hear the amendment read?"

"Oh, no," replied Mr. Finley. "Well," continued the Speaker, "the gentleman does not know what the nature of the amendment is. Neither does the chair."

He then insisted on the reading of the entire amendment, and when this was done, his announcement of the third reading and passage of this bill was noticeably slow. In the meantime Chairman Landonager, of the pension committee, and several of Mr. Finley's Democratic colleagues went to his seat to remonstrate with him for the objection. When a fresh request for unanimous consent was made no objection was offered.

Mr. Grosvenor, of Ohio, made what he declared, with some heat, was his last attempt to get a day set for the consideration of the bill creating a joint committee to consider the question of ship subsidy. His request was that this measure be made a special order for Feb. 20. Several objections had been made and withdrawn.

Mr. Hardwick, of Georgia, objected because Mr. Bertlett, his colleague, had objected when the request was made previously and was not in his seat at the time.

The Senate will vote on the Panama Canal treaty on some day between February 15 and 23. An agreement was reached in executive session today to take action on Monday next to decide upon a time for voting on the treaty, and it was determined that such date should be on or before February 23.

The Senate was in executive session for more than four hours, and after the agreement to vote on the treaty had been reached nearly the entire time was devoted to general discussion of the encroachments of the Senate and the President on each other's prerogative under the constitution.

Senator Teller opened the debate on this subject. In a speech lasting more than two hours, and filled with incidents where the Senate has interfered with the President in regard to making Federal appointments, he aroused a number of the Republican leaders to the defense of President Roosevelt. Some of the Republicans agreed that there had been many encroachments by the White House upon the rights of the Senate. The political phases of the debate were finally eliminated, with the result that several administrations were discussed and brought under the ban of disapproval. The first was under the Cleveland administration, in which it was said that the President used undue influence for the repeal of the purchasing clause of the Sherman act. President McKinley's influence upon Republican members of the Senate for the ratification of the Paris treaty and President Roosevelt's pressure in bringing about the ratification of the Cuban treaty, and also the influence he has brought to bear looking to the ratification of the Panama Canal treaty, were cited as instances in which the Senate has not been left free to deal with these topics according to individual judgment. The criticism was not alone of the administration, and several Senators, including Messrs. Spooner, Allison, Dubois, Gallinger and Platt, agreeing that the Senate had often insisted upon the appointment of certain men for executive positions against the wish of the Presidents mentioned.

BOTH HOUSES ADJOURN.

Both houses of Congress adjourned on Tuesday immediately upon the announcement of the death of Senator Hanna. No business was transacted in either house. The usual committees to attend the funeral were appointed. The Senate also adjourned at half-past six, and will remain so until after the funeral. The death of Senator Hanna in the Senate chamber is draped in mourning and will remain so until after he is buried.

M. A. HANNA IS DEAD

His Death Was Peaceful and Without Pain

ALL OF HIS FAMILY AT HIS BEDSIDE

A Public Funeral in the Senate Chamber Will Be Held at Noon Wednesday.

Washington, Special.—Marcus A. Hanna, United States Senator from Ohio, and one of the foremost figures in American public life, died Monday evening in his apartments at the Arlington Hotel at 6:40 p. m., of typhoid fever, after an illness of two weeks. He passed away peacefully and without pain, after being unconscious at 3 a. m., at which time the first of a series of sinking spells came on, from the last of which he never rallied. All the members of the family, with one or two exceptions, were at the bedside when the end came. They were: Mr. and Mrs. Dan Hanna, Mr. and Mrs. McCormick, Mr. and Mrs. Persons, Miss Phelps, M. H. Hanna and Mr. Dover. During the last hours life was kept in his body by the use of the most powerful stimulants.

HON. MARCUS A. HANNA.

Mrs. Senator Hanna was not at the bedside when the end came. She had been ill with a severe headache and a short time before had been given a narcotic and she then went to bed.

Drs. Osler and Carter and two nurses were at the bedside when the end came.

Senator Hanna's death followed a sinking spell that lasted 10 minutes, beginning at 6:30.

A public funeral in the Senate chamber was held at noon Wednesday. The funeral will be held in Cleveland Friday.

Senator Hanna's fatal illness, in the beginning, dates back nearly two months. About the middle of December he informed his friends that he did not feel quite well, but declined to take a period of rest. A month later Mr. Hanna visited Columbus during the session of the Legislature, when he was re-elected Senator, and on returning to Washington was taken ill January 13. His trouble was diagnosed as grip, but was not until February 2 that his illness assumed a serious form. On Friday last the Senator was seized with a chill, from which he rallied only to lie ground again slowly until the end.

SKETCH OF SENATOR HANNA.

Marcus Alonzo Hanna, of Cleveland, Ohio, was born in New Lisbon (now Lisbon), Columbiana county, Ohio, September 24, 1837; removed with his father's family to Cleveland in 1852; was educated in the common schools of that city and the Western Reserve College, Hudson, Ohio; was engaged as an employee in the wholesale grocery house of Hanna, Garrison & Co., his father being senior member of the firm; his father died in 1862 and he represented that interest in the firm until 1867, when the business was closed up; then became a member of the firm of Rhodes & Co., engaged in the iron and coal business; at the expiration of ten years the title of this firm was changed to M. S. Hanna & Co., which still exists; has been identified with lake carrying business, being interested in vessels on the lakes and in the construction of such vessels; is president of the Union National Bank of Cleveland; president of the Cleveland City Railway Company; was director of the Union Pacific Railway Company in 1885, by appointment of President Cleveland; was a delegate to the national Republican conventions of 1884, 1888 and 1896; was elected chairman of the national Republican committee in 1896, and still held that position to the time of his death; was appointed to the United States Senate by Gov. Bushnell, March 5, 1897, to fill the vacancy caused by the retirement of Hon. John Sherman, who resigned to accept the position of Secretary of State in President McKinley's cabinet; took his seat March 5, 1897; in January, 1898, he was elected for the short term ending March 3, 1899, and also for the succeeding full term. His term of service would have ended March 3, 1905 and he had recently been re-elected for six years more.

Baltimore Still Rallies.

There is some disappointment, especially among business men who have valuable property buried under the ruins, over the determination not to send federal troops here to police the fire district, but Governor Edwin W. Wirt is firm in his insistence that the soldiers are not needed.

Many laborers were paid off Saturday as usual. Others had to wait on account of the difficulty of getting cash.

WILL KEEP NEUTRAL

Decision of Our Government On Japanese-Russian War.

SECY HAY MAKES SUGGESTIONS

He Recommends to the Powers That China Be Accorded the Claim of Perfect Neutrality—This Will Aid Japan.

Washington, Special.—"To Russia and Japan the Washington government suggests the propriety of limiting hostilities within as small an area as possible and of respecting the neutrality and administration of China, that China may be free from disturbance and foreign interests there from menace."

This the Associated Press is enabled to give as the substance of a note addressed by Secretary Hay on Feb. 19 to the St. Petersburg and Tokyo governments. On Feb. 8 a note to Germany, Great Britain and France, Mr. Hay invited these powers concurrently to address Russia and Japan with the same suggestion, and on Feb. 11 this invitation was extended to Italy, Austria-Hungary, the Netherlands, Denmark, Spain and Belgium.

Germany was the first to respond with a prompt acceptance of the invitation and the promise that she immediately would address the two combatants.

Great Britain was heard from next, expressing adherence to the principle laid down in the note, but withholding formal acceptance pending an answer to an inquiry whether the "administrative entity" of China involved Manchuria. Japan was heard from quickly with the answer that can be used readily on the suggestions of the United States if a similar promise could be obtained from Russia. Italy, Hungary and the Netherlands expressed sympathy with the idea and promised an answer after consultation with other powers. There is reason to believe that Spain and Belgium will also accept that invitation. Russia thus far has been silent and the attitude of France is one of hesitancy. This is the situation tonight. Notwithstanding the fact that Germany is addressing the combatants with a note in substance the same as that of Secretary Hay, regarding the attitude of Great Britain it is a matter of great importance here that, as the principle is one for which the British have stood in the past so stalwartly, it should hold up formal acceptance of the invitation until it has learned further details. On the highest authority it is stated that there are no details to the note, as it would be manifestly impossible to hope for concurrent action by so many powers upon any but the most general lines. That the officials of the Washington government could have had in mind the neutrality of Manchuria is declared on the face of it to be absurd. Manchuria is recognized by this government with Korea to be the natural theatre of the war, and for the purpose of the suggestion was made that hostilities be restricted.

Washington, Special.—President Roosevelt Thursday issued a proclamation declaring the neutrality of this government in the war between Japan and Russia. The document, after setting forth the existence of a state of war and that the laws of the United States without interfering with the free expression of opinion and sympathy, or the open manufacture of arms or munitions of war, nevertheless imposes upon all persons who may be within their territory and jurisdiction the duty of an impartial neutrality during the existence of the conflict, prohibits the sale of arms or munitions of war, or the departure of warships of the two belligerents from United States ports, and that no warships shall remain in any port over 24 hours, except for necessary repairs.

Such ships shall provide for the necessities of their crews and passengers and so much coal as may be sufficient to carry the vessel to the nearest home port.

The proclamation further declares that the use of United States waters to prepare for hostile operations a violation of neutrality; that after Feb. 15 there shall be a Japanese departure of warships of the two belligerents from United States ports, and that no warships shall remain in any port over 24 hours, except for necessary repairs.

Such ships shall provide for the necessities of their crews and passengers and so much coal as may be sufficient to carry the vessel to the nearest home port.

The proclamation further declares that the principle as to the rights of neutrals at sea contained in the treaty between the United States and Russia of 1854 as permanent and immutable, as follows: "That is to say ships make free goods—belonging to subjects of citizens of a power or state at war are free from capture and confiscation when found on board of neutral vessels, with the exception of articles of contraband of war; that the property of neutrals on board an enemy's vessel is not subject to confiscation, unless the same be contraband of war."

The proclamation declares that no person within the United States shall take part in the war, and warns all citizens "that while the free and full expressions of sympathies, in public and private, is not restricted by the laws of the United States military forces in aid of either belligerent cannot lawfully be employed within their jurisdiction; and that while all persons may lawfully and without restriction, by reason of the aforesaid state of war, manufacture and sell within the United States arms, munitions of war and other articles ordinarily known as 'contraband of war,' yet they cannot carry such articles upon the high seas for the use or service of either belligerent. Nor can they transport soldiers or officers of either, or attempt to break any blockade which may be lawfully established and maintained during the war, without incurring the risk of hostile capture, and the penalties denounced by the law of nations in that behalf."

BALTIMORE RALLIES

Desolated City Puts Up a Bold Fight For Rebuilding

FIRMS GETTING READY TO REOPEN

The Property Loss Hardly As Great As At First Estimated—Outside Assistance Appreciated But in No Case Asked For and Not Needed.

An incident that inspired the whole community with tremendous confidence was the resumption of business by the banks, deposits being received and checks honored in the usual way. It would be difficult to estimate the volume of transactions in this respect, but according to the leading bankers it was gratifyingly large in view of existing conditions.

The knowledge that Baltimore's terminal facilities are intact and that the grain elevators were not involved in the fiery tornado also served to promote a popular conviction that the situation is not so dark as it has heretofore appeared. Indeed the optimistic feeling is manifestly growing that the calamity, though harrowing in every detail, will give the city an opportunity to re-adjust itself on new and more modern plans and that a new city of imposing grandeur is to rise from the ruins of the old.

The progress which has been made in the work of clearing the debris from the streets in the burned district seems almost magical. Baltimore street, which at sunrise was a confused mass of rubbish, is practically clean, and likewise South street, one of the great banking thoroughfares. Hanover street, near where the fire started, was made passable for wagons, and Pratt street, a long avenue of trade, is clear of encumbrances all the way through. The city engineer's department, the building inspector and the street cleaning department, all worked in conjunction. No attempt was made to do more than to clear the streets from curb to curb, the debris being piled high on the sidewalks and back of the building line.

Many dangerous walls which overhang the streets were pulled down. The most ambitious attempts at razing walls were on Liberty and Lombard streets. At each of these places there are hoisting engines with wire cables, which are fastened to a section of the tottering walls and then wound upon the spools. The Hurst building in which the first started was pulled down. All through the financial district preparations are being made to open safes and vaults. Those of the German Bank and the German Fire Insurance Company were opened and the cash and books taken out uninjured. The vault of the Marine Bank was opened and found intact. In no instance have the contents of any vault been seriously damaged.

The chamber of commerce has been exceedingly active in sending broadcast to every center of trade in this country and Europe the assurance that Baltimore is even now in condition to transact all shipping, grain and foreign trade, and that all other lines of business will be restored to their normal channels within the next two or three months. The officials of the chamber of commerce and that plans are already nearly completed for the rebuilding of their \$600,000 structure.

Many merchants and manufacturers whose places of business were swallowed up in the conflagration have signed contracts for rebuilding, and there are on all sides the greatest signs of activity in this respect. All are simply waiting for the city to clear the streets of debris and give permission to the owners of the ground to take possession. The matter of accepting aid from other cities, has not yet been finally decided upon, according to Mayor McLean. The fire did not reach the residential section of the city and there is no actual destitution at this time. The indications are that the citizens of Baltimore will be fully able to take care of all cases of want that might present themselves. The mayor feels grateful for the many proffers of aid from the citizens of this country and from foreign lands.

The following was received from the Pope: His Holiness, deeply moved by the news of the great calamity which has recently visited the city of Baltimore, desires your excellency to convey to the honorable mayor and the people of Baltimore his sincere sympathy. He prays that they can stand the severe loss their city has suffered and that it will continue to progress. (Signed) "CARDINAL MERRY DEL VAL."

The leading savings banks in the city combined in a public announcement last week that none of them have suffered any loss of securities by the fire, and that they are in as good condition financially as ever and that they will be open for business February 15th.

A composite estimate of the total loss from the fire by 25 expert representatives of leading insurance companies outside Baltimore places the figures at \$85,000,000. Some of them think that the total loss will be reduced to \$70,000,000, as much salvage is being dug out of the ruins which was thought to have been destroyed. The loss to the insurance companies is estimated by the same experts at 75 per cent. of the total loss.

New York, Special.—Marine advices received here report that the ship Henry B. Hyde, bound from New York to Baltimore, with coal, is ashore near Dam Neck life-saving station, Va., having gone ashore during a furious gale. The crew of 14, including the captain's wife, were taken off safely today. Although the storm continued to rage, attempts will be made to save the ship, which lies in a fairly good position.

Burning with a fiendish desire to persecute his wife, with whom he had quarreled intermittently for a year or more, Will McKay, a young negro walking about as if nothing had happened in Wilmington, went home Saturday night, lifted his only child, three months old, from its crib and literally drenched it from a pint flask of powerful acid used in the manufacture of fertilizer to burn the negro worked. The child died in agony within three hours, and the inhuman wretch of a father made good his escape. The poisoning took place before the very eyes of the mother, the chief of police to cure the negro. Seeing the acid running out of the child's mouth on its body, and burning the clothes about it, the mother snatched the infant from its father's arms and hurried with it to the office of a physician, but it was too late.

Lee Green, an employee of the Gulf Coast Cafe, at Greensboro, got a pistol shot through his breast Tuesday night as he was going home. He says that just as he was crossing the railroad somebody fired from somewhere and hit him. He went home and next morning his mother phoned the chief of police to have a doctor there, as Lee had been shot and was bleeding to death. When the doctor and the chief arrived they found Lee employed at the Navesaw guano faceted. The pistol ball had made a clean hole through his body. The chief of police had his own idea as to how Lee got his wound, and is on the lookout for the man who did the shooting.

William B. Page, father of John Page, of Asheville, died suddenly Tuesday morning near Smith's bridge in Buncombe county. Mr. Page, who lives about four miles across the river from Asheville, was on his way to work, had started to Asheville in one of his farm wagons in company with a gentleman of that section, and when near the Caney Brown Cut just across the river, he was attacked with paralysis, but remained in his seat in the wagon. The wagon was driven on towards Asheville, and just as the wagon crossed Smith's bridge, entering the city, Mr. Page expired.

Glady DeArmand, the five-year-old daughter of Dr. and Mrs. J. Mack DeArmand, of Charlotte, was seriously, although it is thought not fatally, burned at the home of her parents at Mint Hill Tuesday morning. Glady, had started to Asheville in one of his farm wagons in company with a gentleman of that section, and when near the Caney Brown Cut just across the river, he was attacked with paralysis, but remained in his seat in the wagon. The wagon was driven on towards Asheville, and just as the wagon crossed Smith's bridge, entering the city, Mr. Page expired.

At the meeting to be held in Greensboro Tuesday, Feb. 16, by real estate agents from the various towns of the State to form a real estate association, Mr. M. V. Richards, land and immigration agent for the Southern Railway, will be one of the speakers. A letter was received from him Tuesday, dated at Chicago, strongly approving the objects of the meeting, and accepting an invitation to address the body, his subject being, "The Real Estate Agent."

Three negroes, Tom Parker, Jim Richard, and Eugene Salisbury, arrested in Julian last week charged with wholesale robbery of Southern Railway freight cars at Pomona shifting yards, near there, were given a preliminary trial in the cases Tuesday afternoon. In default of bond they are in jail to await the next term of the Superior Court.

The Greensboro Hardware Company has obtained the contract for furnishing all the mill work for the new government building at Goldsboro. The contract has just been made with the King Lumber Co. of Charlottesville, Va.

The temperance movement which began in Japan in 1873 with a society of foreign residents of Yokohama has grown until now there are 46 of these societies united in a national temperance league. The league represents 2,617 members. As a result of their agitation a bill has been passed prohibiting the use of tobacco by persons under 20 years of age.

According to figures published by the Baltimore News the cash value of the cotton trade in the year 1903 exceeded a million dollars a day, Sundays and holidays included. The country is in just \$378,000,000 in round figures, by the shipments abroad of cotton last year. That it piles up a mighty sum is shown by the figures covering twenty years, inclusive of 1903. In this time our exports of cotton aggregated five billions of dollars, or twice the total amount of money of all kinds now in circulation in the United States. Seventy-three years of cotton exporting has brought us from \$29,000,000 in 1830 to \$378,000,000 in 1903. The total for 1903 breaks all records. It was greater by \$54,000,000 than the record-breaking year of 1900.

The Traders' National Bank, of Clarkburg, W. Va., has been closed by order of the Comptroller of the Currency and Bank Examiner C. W. Robinson has been appointed temporary receiver. The bank was organized April 15, 1894, with T. M. Jackson, as president and S. H. White, cashier. The Comptroller is not in possession of sufficient information to enable him to state the exact cause of failure. The bank has a capital of \$50,000 and deposits of \$375,000.

SENATOR MARCUS A. HANNA.
Marcus Hanna, United States Senator from Ohio, chairman of the Republican National Committee, and the most prominent figure of his day in American politics, died in his apartments at the Arlington Hotel in Washington City Monday evening. Senator Hanna began life as a clerk in his father's grocery store in a small town in Ohio. But in time he came to own iron and coal mines, steamship lines, railroads etc. He was the president and chief owner of a street railway system, the president and chief owner of a bank and was interested in many other industrial enterprises. His first political office was membership on the Cleveland (Ohio) board of education, to which office he was elected in 1870. Mr. Hanna was first known in national politics when in 1896 he undertook to manage the campaign of his friend Mr. McKinley to secure his nomination as the Republican candidate for president. His untiring energy secured for Mr. McKinley the nomination at the National Convention. He was offered a place in the Cabinet by the president, which he declined to accept. Senator Sherman accepted the place in the Cabinet and on March 5th 1897 Mr. Hanna was appointed by Gov. Bushnell, of Ohio, to succeed Sherman in the Senate, which high office he held up to his death. He was re-elected to the Senate last fall by the largest majority ever given a Senator in any state. He was a great friend of the laboring man and also had the confidence of the business world. At one time he was the worst abused man in America but before his death he had won the confidence and respect of all who knew him. To use the language of the Washington Post—"He had a heart of gold, a loyalty that soared into poetic heights, and a simplicity almost pathetic in its naked innocence."

Some time ago the news was heard over the State that all the counties in the State had settled with the State Treasurer for taxes for 1903. But it now turns out that only one fourth of the counties have settled with the Treasurer for State taxes.

One of the democratic papers of the State favors Aycock for the next governor. "A governor cannot succeed himself. And even if they could, Mr. Aycock would not stand any showing. Some one should inform the editor that the civil war is over."

Our papers ran short last week and there was about 300 subscribers that failed to get their paper. We printed the usual number but we had put on many new subscribers. We trust all will receive their paper this week.

Pay your poll tax before May 1st or you will not be allowed to vote in the fall election. This is one of the laws passed by the Simmons-Aycock Machine.

"Montgomery bids to maintain her murder record. It was hoped that the last seven men tried for murder at our last term of court would be last for several years, but before another term is held another man charged with murder is placed in jail. Of course this means another big trial all at Montgomery's own expense."

As usual whiskey is responsible for it. Had these men been sober nothing of the kind would have happened, and yet strange to say, many people do not prophesy by the sad experience of others.—Troy Examiner.

Is it possible that lawlessness walks abroad in the good old county of Montgomery, while Aycock is governor of the State and the county is ruled by democratic officials. And whiskey responsible for this increase in crime in Montgomery county? It will be remembered that this county was a hot-bed of red-shirts in 1898 and 1900. There has not been a saloon in the county in twenty years, and there has been no whiskey distillery in the county since the "Watts law" went into effect.

The Troy Examiner should investigate the affairs in his county again and see if the precedent set by lawless red-shirts and not whiskey is not responsible for the crimes committed in the county.

When Mr. Shafroth, member of Congress from first district of Colorado, gave up his seat Monday to the contestant Mr. Bonyuge, it created quite a sensation among the members of the House. There is only one similar incident on record. Secretary James Wilson of the Agricultural Department, in 1885 relinquished a seat in the House to a contestant in order that the bill to make General Grant a full general on the retired list might be passed, a report had been made from the committee, and the case was pending on the last day of Congress. A bill was brought in for General Grant, but the democrats who were in the majority, insisted that a vote should be taken on the contest against Mr. Wilson. Some opposed such a vote, being taken, but Mr. Wilson got up and stated he did not want to stand in the way of the Grant bill, and asked that his contestant be seated. This was done about two hours before congress adjourned for the session. The Grant bill was passed. While Mr. Wilson's act was voluntary, it was for another reason, and not because he felt that his election was illegal, as was the case with Mr. Shafroth.

We have not heard how Senator Simmons took it when he heard that the democratic congressman from Colorado had given up his seat because he was elected by fraud but we can imagine the shock to the Senator's system was something awful.

Be sure to read "Justice's" letter this week which appears elsewhere in this issue.

GIVES UP SEAT IN HOUSE.

Colorado Democrat Yields Seat to Republican Contestant.
Mr. John Shafroth (democrat) member of the House of Representatives from first district of Colorado, on Monday gave up his seat to the Republican contestant, Mr. Robert W. Bonyuge, as he said he had been shown that his election was tainted by fraud.

QUO WARRANTO PROCEEDINGS.

HOW THE DEMOCRATS COUNT IN THE MACHINE CANDIDATES.

One way of Paying Their Political Strikers for Their Political Activity and Develment—Men put in Office Whom the Voters had Repudiated at the Polls.

EDITOR CAUCASIAN,
Dear Sir:—In my letter to your paper last week, either you or I made a little mistake. I intended to show how the returning board, by the use of the Section of the Election Law which you published, could count in the Machine candidate; and by this law, which can be found on page 127 of the Laws of 1899 and which is known as Chapter 33, can absolutely rob the candidate, which the people had elected, of all the emoluments of the office, and thereby defy and destroy the will of the people.

As you did not publish this law, Chap. 33 of the laws of 1899, I will ask you to insert it here:

"CHAPTER 33.
AN ACT TO REGULATE QUO WARRANTO PROCEEDINGS.

The General Assembly of North Carolina do enact:

Section 1. That in any civil action pending in any of the Courts of this State wherein the title to any office is involved the defendant being in possession of said office, and discharging the duties thereof, shall continue therein pending such action, and no judge shall make any restraining order interfering or enjoining such officer in the premises; and such officer shall, notwithstanding any such order, continue to exercise the duties of such office pending such litigation, and receive the emoluments thereof.

Section 2. This act shall apply to existing suits.

Section 3. This act shall be in force from and after its ratification. Ratified the 31st day of January, A. D. 1899."

This is known as the law to regulate Quo Warranto Proceedings; that is, the manner by which the title to the office is tested. Now the object of this law is plain; its result is to invite fraud. And one other fact I desire to call the attention of your readers, is that it was passed in the very first month of the first session of the Legislature after they regained the State in 1898.

HOW THE WILL OF THE PEOPLE IS DESTROYED.

Political parties are nothing more or less than great co-partnerships organized to accomplish certain ends that can not be accomplished by individuals. To illustrate: The people of Wake County want a fence law, or a creek law, a road law, or a school law. There is but one way to get it and that is by electing members to the Legislature who will obey the wishes of those who elect them, and will pass just such laws as the citizens of Wake want. Organization is necessary to do this. There may be citizens of Wake who do not want the fence law changed. These men may have control of the machine, and they deliberately count out the men elected and count in the men who were defeated. In this way the will of the people is destroyed, and legislation that is necessary to the best interest of the county is made impossible.

In order to fasten its hold on the people the machine not only counts in its legislative candidates, but it also counts in its sheriffs, its clerks, registers, etc. This is one way they have of paying their strikers for their political activity and develment. But under the old law, should any of these officers who were counted out by fraud institute Quo Warranto Proceedings to get the office of which he was defrauded, and succeed; the man who held the office by fraud was compelled to pay back all the fees he had received while he held the office. This was too bad. It was bad enough for a democrat to lose an office that he and a dozen or more men had committed perjury and theft and risked his soul's salvation to get, without having to lose the emoluments also, therefore the democratic legislature of 1899 passed the law which I have given, and thereby made themselves Particeps Criminis for they finished the crime. The returning board has stolen the office, and the legislature stole the fees to give them to the men the people had repudiated at the polls.

It is for this and other reasons which I mentioned in your last issue, and for hundreds of other reasons which I have not mentioned, that I stated I believed the democratic party had never been more corrupt than today, and that there had never been better reasons for good men to leave it than now. JUSTICE.

Shock of Hanna's Death Killed Him.
Newport News, Va., Feb. 16.—Charles Ryder, 60 years old, of Aurora, Ill., traveling agent for a chemical manufacturer, upon learning in response to his inquiry as to senator Hanna's condition, that Mr. Hanna was dead, fell in a swoon in front of the postoffice building. He died after being removed to the hospital.

Two Baltimore fire insurance companies have failed as a result of the big fire.

SENATOR HANNA DEAD.

THE END CAME MONDAY EVENING AFTER A SHORT ILLNESS.

He Passed Away Quietly at his Hotel in Washington. His Remains Will be Carried to Ohio for Interment. He was the Greatest Politician of his day.

Washington, Feb. 15.—Senator Marcus Alonso Hanna died at 6:48 o'clock this evening at the family apartments in the Arlington Hotel after an illness extending over nearly two months, filled with apparant recoveries, followed by relapses and finally drifting into typhoid fever which in his weakened condition he was unable to withstand.

For the last two days Senator Hanna has not been conscious except at intervals and then only to obey mechanically some instructions given him by physicians. Fourteen hours before the end was announced life had practically suspended, the flickering spark being kept aglow by the most powerful scientific agencies.

Though it was known five minutes before that the Senator had breathed his last, the effect upon his friends was almost that of a sudden shock. No attempt was made to restrain grief. Senators Fairbanks, Scott and Kittredge broke down, and General Dick wept his sorrow at the loss of a friend who had been a brother.

Friends at once took charge of the funeral arrangements. Services will be held in the Senate chamber at noon Wednesday at which the President, Cabinet, Congress, Public officials and friends will be present. For a brief period in the forenoon the remains will lie in state in the Marble Room. At the services special trains over the Pennsylvania Railroad will carry the remains, the family and friends to Cleveland, where services will be held either at the home of the Senator or of his son, Dan Hanna, on Friday afternoon. It is likely that Bishop Leonard, of the Northern Diocese of Ohio, of the Episcopal church, and formerly rector of St. Johns in this city, will conduct the services.

Senators and Representatives visited the hotel throughout the evening and many of the dead man's most intimate friends were admitted to the death chamber. Post-master General Payne sent word to President Roosevelt, and he expressed deep sorrow at the fatal termination of the illness.

The last intelligible words spoken by Senator Hanna were pathetic in his attempt to maintain to the last the humor which was characteristic of his life.

President Roosevelt called at the Arlington Hotel tonight personally to express his condolences to the members of the late Senator Hanna's family. He saw Mrs. Hanna, the Senator's brother and Dan R. Hanna, his son, and remained with them for some time.

IN HONOR OF SENATOR HANNA

Washington, Feb. 15.—Both houses of Congress will adjourn tomorrow immediately upon the announcement of the death of Senator Hanna. No business will be transacted in either house. The usual committees to attend the funeral will be appointed.

The flags on the Capitol will be at half mast tomorrow and remain so until after the funeral. The desk of Senator Hanna in the Senate Chamber will be draped in mourning and remain covered until after he is buried.

There will be an official funeral in the Senate Chamber at noon on Wednesday, the body lying in state in the Senate marble room in the morning. The Senate will adopt resolutions inviting the President, members of the Cabinet, the Supreme Court, the Diplomatic Corps, the Lieutenant General of the Army, the Admiral of the Navy and the House of Representatives to attend the funeral services.

Better Than Gold

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by all druggists.

Date Fixed for Vote on the Canal Treaty.

The Senate in executive session Monday agreed to vote on the ratification of the Panama Canal treaty on Feb. 23rd.

United States Warships Ordered to China.

Washington, Feb. 9.—After a discussion of some length at their regular meeting today, the president and the cabinet decided that orders should be sent to Rear Admiral Evans, commanding the Atlantic fleet, that he must keep his battleship squadron in Subig Bay, Island of Luzon, but was to proceed with his cruiser squadron, consisting of the Albany, the Cincinnati, the New Orleans and the Raleigh to Hong Kong.

Escaped an Awful Fate.

Mr. H. Haggins of Melbourne, Fla., writes, "My doctor told me I had Consumption and nothing could be done for me. I was given up to die. The offer of a free trial bottle of Dr. King's New Discovery for Consumption, induced me to try it. Results were startling. I am now on the road to recovery and owe all to Dr. King's New Discovery. It surely saved my life." This great cure is guaranteed for all throat and lung diseases by all druggists. Price 50c and \$1.00. Trial Bottle free.

Voice from Adjoining Room: "Papa, have I disturbed you saying my prayers?" "No, my son." "Well, I was praying for a pair of skates and hoped you heard me."

Nearly Forfeits His Life

A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salva had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at all Drug Stores.

A HAPPY MOTHER

WEATHERFORD, TEXAS, May 14, 1903.

Before my baby was born I was in great misery. I was not able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

Ans. C. C. Wood
TERRELL, YOUNG MOTHER'S CLUB.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell \$1.00 bottles Wine of Cardui.

FROM OUR EXCHANGES.

Some Squibs of Interest we Have Gathered With our Paste-pot and Shears.

If the anti-whiskey men want to drive whiskey out, why don't they get up anti-whiskey clubs—not anti-saloon clubs? That don't mean whiskey must go; it means away with the saloons, and let us dish it out at the dispensary—by us good people.—Peoples Paper.

If it is the purpose of the Anti saloon people to kill the prohibition movement the surest way to effect that end is to go in for dispensaries. As between the saloon and the dispensary every time and give boot. The crowd that runs the dispensary (the good people) are the crowd the devil is after.—Times-Mercury.

Burke Cochran, one of the foremost statesmen of the Democratic party, said the other day that "the negro is as good as any of us," and ever since the whole country has been listening for Josephus and his folks to give Mr. Cochran blue blazes. But so far, nary blue. Neither Prof. Bassett nor Rev. Massie were so offensive but the News and Observer took a duck fit every day for weeks and still refuses to be comforted because they have not been driven from the State.—Asheville Register.

Complaints are heard on every hand about the scarcity of labor in North Carolina, particularly in the western portion of the State. It would be surprising if it were not so. It is the laboring class in the white counties that suffers under the oppressive, disfranchising election machinery fastened upon the people through frauds and intimidation practiced by partisan bosses and their tools in the east. Why shouldn't white men shake such a yoke and go where they can vote because they are men and not because they have paid cash for the privilege or lost it for lack of ability to put up the price.—Asheville Register.

It is awful easy to make mistakes. We all make them—all that are living, or trying hard to live. The other day some one told another that we were just ready to turn over to the Democrats, because it was in the majority; that we always go with the majority side. Now we give the fellow credit of being mistaken in this. The Mercury has been in existence thirteen years and only two years have we been with the admitted majority. With us it is a question, not of power, but of right. If we could believe the Democratic policies were right, we would have the courage to come out and say so. And if democrats had the courage of their convictions there would be a mighty turning of dry bones in this country. We hope this will be the test year, when men can be what they want to be and be treated as gentlemen and with respect. The fellow was mistaken; that's all.—Times-Mercury.

John Turner who shot Ben Turner is in Jail.

Roidsville, N. C., Feb. 15.—Ben Turner was killed near Davie Freddie's home Saturday night. Sunday morning a stray mule was found and the dead man's brother, John Turner, was walking around without his hat. The evidence at the coroner's inquest was that the brothers had met at Madison for a settlement. A dispute followed and John Turner put a bullet through Ben Turner's head. The murderer is in jail. Both men were intoxicated at Madison. They are from the New Bethel section and own considerable property. The murdered man is survived by a wife and eleven children. This makes the second murder in this county in the past few weeks.

SIMMONS-AYCOCK BONDS.

Some Democrats Sick and Tired of High Taxes.

EDITOR CAUCASIAN: I hear some democrats shelling Mr. Marion Butler about the old North Carolina bonds. They had better lay low for if the democrats run the State much longer they will need him to defend the State to keep it from being sold for the Simmons and Aycock bonds.

A great many of the democrats seem to be very sick over high taxes, but I told them when they get ready the democrats will holler "nigger" and they will come in, but they say not.

German Steamer Captured With a Cargo of Dynamite—Two Ships Added to Japanese Navy. China will not Remain Neutral.

London, Feb. 15.—It is reported from Tien Tsin that the Japanese have made another attack on Port Arthur. The report says they sank eight Russian ships and captured ten. No details were given.

A RUSSIAN BLUNDER

Chefoo, Feb. 15.—Three Russian torpedo boats have been sunk by the land batteries at Port Arthur. They were mistaken for Japanese ships.

PORT ARTHUR CUT OFF.

Chefoo, Feb. 15.—The Russians at Port Arthur are cut off. Land communications to the north are cut off by twelve thousand Japanese troops landed at Pigeon Bay. The harbor is blocked and a powerful fleet guards its entrance.

LANDING PARTY SABRED.

London, Feb. 15.—Reports from Port Arthur confirm the reports of several engagements between the Russians and the Japanese landing parties. Four hundred out of six hundred Japanese landed at Tien-tsin are reported to have been sabred by the Cossacks. Another landing party at Dove Bay was also repulsed with heavy loss.

GERMAN STEAMER CAPTURED.

Tokio, Feb. 15.—The German steamer Yokohama has been captured by a Japanese warship. Its cargo included dynamite for Port Arthur.

JAPANESE NAVY STRENGTHENED.

Singapore, Feb. 15.—The Japanese fleet has been strengthened by the arrival of the Kasuga and Nishin, which was recently completed at Genoa.

AMERICAN SHIP RELEASED.

Yinghow, Feb. 15.—The British and the American ships held at Port Arthur for several days in spite of the remonstrances of the consuls, have been released. No explanation has been given.

RUSSIAN TRANSPORTS CAPTURED.

Nagasaki, Feb. 15.—Six Norwegian steamers, chartered for the Russian transport service, have been captured by the Japanese. It is rumored that a Japanese transport with eighteen hundred men was sunk. There are no details.

CZAR'S HEALTH AFFECTED.

Berlin, Feb. 15.—A dispatch from St. Petersburg says the war disasters in the East have caused the breaking down of the Czar's health. It is feared his brain is affected.

London, Feb. 16.—The Central News has received a telegram from St. Petersburg which says that an official dispatch has been received there from Port Arthur admitting that the Japanese have invaded Manchuria. Heavy firing was heard yesterday in the direction of Ching-wantao.

A dispatch to the Central News from Tien Tsin says that 2,000 Russian troops occupied New Chwang today.

A Second Cruiser Accidentally Sunk.

London, Feb. 16.—A news agency dispatch from St. Petersburg says that a report is current of the accidental destruction of the Russian second-class cruiser Boyarin and the loss of her crew consisting of 184 officers and men. It is understood that the Boyarin struck a mine in the harbor of Port Arthur and was blown up and sunk.

Russian Soldiers Frozen to Death.

Berlin, Feb. 16th.—The Frankfurter Zeitung prints a special dispatch to the effect that Russian soldiers crossing Siberia to the far east are suffering from the intense cold which prevails. Many of them have been frozen to death.

Thirty Days Was My Life's Limit.

Agony From Inherited Heart Disease. Dr. Miles' Heart Cure Cured Me.

One person in every four has a weak heart. Unless promptly treated a weak heart will easily become a diseased heart. A little extra strain from any cause is sufficient to bring on this deadly malady, the most common cause of sudden death. Dr. Miles' Heart Cure will tone up the heart's action, enrich the blood and improve the circulation.

"My trouble began with catarrh and I have always supposed it caused the trouble I have experienced with my heart. I had the usual symptoms of sleeplessness, lost appetite, constipation, palpitation of the heart, shortness of breath and pain around the heart and under left arm. My mother suffered in the same way and I suppose mine was an inherited tendency. At one time I was in agony. I suffered so severely and became so weak that my doctors said I could not live thirty days. At this time I had not slept over two hours a night on account of nervousness. The least exercise, such as walking about, would bring on palpitation and fluttering of the heart so severe that I would have to give up everything and rest. Nerve and Liver Pills cured me of constipation and heart symptoms disappeared under the influence of Dr. Miles' New Heart Cure. I am in better health than I have been in twelve years and I thank Dr. Miles' Remedies for it. I think they are the grandest remedies on earth and I am constantly recommending them to my friends."—Mrs. L. J. CANTRELL, Waxahatchie, Tex.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Write to Dr. Kilmer, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., P.O. Box 539, Binghamton, N. Y.

RADIUM

RADIOS RADIOS RADIOS

Stupendous offer made by a well-known Philadelphia firm.

RADIOS RADIOS RADIOS

Thousands of persons in all sections of the country have been healed by this wonderful discovery.

DEAR FRIENDS:

Don't read this advertisement if you expect to get something for nothing, because you won't. We have a good article and we want money for it. Be sensible.

If you had something that was worth a dollar would you give it free?

When you read an advertisement where you get something for nothing that something is either no good or else they are up to some "flim flam" game.

We are not running a patent medicine business, so rest easy on that subject.

We do not know the word failure—never "fail" and never will. The educated and higher classes are the ones we want to reach. We reach men and women in all walks of life. Men and women, who to-day are before the public as national characters have had our confidence and the benefit of our experience. It is a 20th century product, one that will be more appreciated the more it is tried.

Fresh from the bath and as good as she looks! This old saying describes our clients to a T. We have a VITALIZER—not a patent medicine. It tones the system, centralizes weaknesses of all descriptions—makes an even temperature all over the body and in fact it makes a new man and woman. Radios will within a few years be a part of every hospital and surgical institution of our land. No germ can stand the force of contact with this new discovery. Rheumatism and diphtheria die before it. The mighty force of the turbulent waters of Niagara, are in comparison with this new product as an old fashioned CANOE is to RADIUM.

One person writes, "Why did not some one discover it before?"

Another says, "So simple, it is hardly creditable."

From the far West comes the unsolicited response, "A God-send to humanity."

Walcott Christie, of New York, the well-known author, says, "My success in a great measure is due to 'Radios.'"

Weakness of certain organs is responsible for all diseases. We build up your system so that a disease is an impossibility. If your digestive organs are out of order, if your blood is impure, if you can't sleep, eat or attend to business, I will cure you and guarantee to do so. I will give you a written guarantee. Could you ask anything more?

"RADIOS"

RADIUM RADIUM RADIUM

Delight your friends, astonish relatives, and make wonderful experiments with this new metal—RADIUM SULPHIDE of Zinc activity 5,000,000 mgr. 0.800500. We give you this as a present when you order "RADIOS."

It alone is worth several dollars of any man or woman's money. Acts the same as X rays. Simply give you a written guarantee. Could you ask anything more?

OFFER OFFER OFFER

RADIOS CO., 812 Drexel Building, Philadelphia, Pa.

SIR:

Enclosed find one dollar for which send me a treatment of "RADIOS," in a plain sealed wrapper and also one Radio Sulphide of Zinc activity.

If I am not entirely satisfied and if I am not cured you agree to refund the money and one dollar extra for my trouble. You agree to send me a written contract to that effect.

PIANOS, ORGANS AND SEWING MACHINES ON FREE TRIAL!!!

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was flimsy, and I would lie awake for hours, and could not sleep, until I seemed weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and here will show you the right thing to do. Mrs. Pinkham's medicine certainly all they are claimed to be."—Mrs. M. E. HUGHSON, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements. Apparently trifling incidents in woman's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound. If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Leah Stowell, 177 Wellington St., Kingston, Ont., writes:

"DEAR MRS. PINKHAM:—You are indeed a goddess to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony."

"I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made life look new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health."

Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints, that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subdues excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.

\$5000 FORFEIT If we cannot forthwith produce the original letters and signatures of above testimonials, which will prove our statements.

SUFFERED A THOUSAND DEATHS

Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed—

Rheumacide

IT CURED HELPLESS GRIPPLE.

Mr. Wilkes writes in the course of a long letter, dated August 13, 1902: "My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shrank up. I suffered death many times over. Was treated by six different physicians in Dillon, S. C., and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, told me to try your RHEUMACIDE. I began to take it, and before the first bottle was used up I began to get better. I used 24 bottles and was completely cured."

Dr. J. P. Ewing confirms Mr. Wilkes' statement in every particular.

RAM'S HORN BLASTS.

HERE can be no living Christianity without a living Christ.

Working is vain without waiting. God writes lust on every license. A big head has no show against a big heart. Men ask for advice when they seek approval.

An absorbing interest is the secret of happiness. Love never joins in the chorus when malice slings. You cannot do God's work with the devil's wages. A variety-show church is apt to show a sad variety of fruits. If God is testing you you may know He does not desert you. We all admire a pusher, providing he is pushing someone else. The only way to keep your religion sweet is to keep it circulating. Honor is the attribute of the noble and the excuse of the unworthy. We can believe that science is the wisdom of God when it shows us the way to God. The conquest of truth makes a man a king. No man ever lived long enough to regret the right. The religion of the Son of Man will surely be mainly. Pride fosters our foes and puts our friends to flight. It requires no special virtue to praise the right and pursue the wrong. There can be no such thing as a mass of people. The word that does not heat must harden. Present adversity is easier to bear than past prosperity. Society could do with less jurisprudence if it had more justice. If there is nothing of mystery in your religion it is not for mankind.

Disliked Rice Throwing. Two women were threatened with arrest by the stationmaster at Hartford, Conn., last week for throwing rice at a bride and groom. The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.
